

# Washington 2014 Attendees

The attendees at the Washington State of Reform Health Policy Conference are what make the event happen: from convening panel members who help set the conference's agenda to C-Level executives whose decisions will shape the practice of coverage and care in Washington State for the decades to come.

With our Washington 2015 State of Reform Conference set for January 8 in SeaTac, we're excited to share last year's list of movers-and-shakers who are defining our state's culture of innovation in health care and its administration.

So, thank you, for those who've attended and we welcome newcomers for our upcoming conference.

Thanks,

DJ Willson  
Host of State of Reform
