

\$450 MILLION

to invest in your behavioral health

\$90M HB22-1281

Community Gap Grant Program

Provides grants for local governments and nonprofit organizations to implement community-based programs and services to fill regional gaps in the continuum of care across the state so Colorado families can find behavioral health care closer to their homes.

\$72.7M SB22-181

Behavioral Health Care Workforce

Tackles Colorado's workforce shortages and provider burnout by improving recruiting and retention, promoting internships, expanding funding for school loan repayment, increasing the number of peer support specialists and bolstering professional development opportunities.

\$65M HB22-1303

Adult Residential Beds

Invests in 16 beds at the Colorado Mental Health Institute at Fort Logan and up to 125 residential care beds statewide to ensure that adults with urgent behavioral health needs receive integrated and flexible behavioral health care.

\$62M SB22-196

Diversion from the Criminal Justice System

Provides funding to programs that redirect people with behavioral health needs from involvement with the criminal justice system, invests in pre-trial diversion, and bolsters medication-assisted treatment for inmates with opioid use disorders in order to facilitate long-term treatment and recovery upon release.

\$54M HB22-1283

Youth & Family Residential Beds

Creates in-home and residential respite care in seven regions of the state for children and families and provides funds to build and staff a youth neuro-psych facility so that children and their families can access the lifesaving behavioral health treatment and services they need.

\$35M HB22-1302

Health Care Practice Transformation

Integrates physical and behavioral health care so that Coloradans can more easily access mental health care and substance use disorder screening at their primary care provider.

\$12.2M SB22-177

Care Coordination

Bolsters Colorado's statewide care coordination infrastructure by investing in the training of behavioral health care navigators and reducing administrative burdens on providers.

\$11.1M SB22-147

Behavioral Health Care Services for Children

Expands school-based health centers across the state, invests in more mental health professionals in our schools and supports the University of Colorado's pediatric psychiatry program to assist primary care providers in identifying and treating mild to moderate behavioral health conditions in children.

\$5M SB22-148

Colorado Land-based Tribe Facility

Increases access to culturally-responsive behavioral health care by investing in the development of a behavioral health inpatient and transitional housing facility for Colorado's land-based Tribes.

\$43M MORE!

HB22-1243 includes **\$6 million** to expand the I Matter program that provides free counseling sessions to youth for two more years and **\$2 million** for the school mental health professional matching grant program.

HB22-1326 includes **\$20 million** for naloxone bulk purchase, **\$6 million** for harm reduction programs, and **\$3 million** for medication-assisted treatment in jails.

SB22-183 includes **\$6 million** for the domestic violence prevention program within the Colorado Department of Human Services.
